Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement and the required quorum at the subsequent meeting shall be one-half (½) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 5. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the ~~Common Area~~. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the association setting forth whether the assessments on a specified lot have been paid. A properly executed certificate of the Association as to the status of assessments on a lot is binding upon the Association as of the date of its issuance.

Section 6. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 8 percent per annum. lien thereof, shall extinguish the lien of such assessments as to payments which become due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE V ARCHITECTURAL CONTROL

1. No building or other structure including swimming pools, shall be commenced, erected or maintained, nor shall any addition to or change or alteration to any structure be made except interior alterations, until the plan and specifications prepared by a competent architect showing the nature, kind, shape, height, materials, color scheme, location on lots and approximate cost of such structure and the grading plan of the lot to be built upon shall have been submitted to and approved in writing by the Association, and a copy of said plans and specifications as finally approved, lodged permanently with said Association.

2. No fence, garden wall, patio screen, dog run, pool enclosure, or other similar devices and/or structures shall be permitted until the plans and specifications thereof shall prior to start of construction, first have been submitted in writing to the Association and approved by the Association, provided, however, that in approving any of the plans and specifications of the herein above mentioned fences and/or structures, the Association may require suitable screening, which shall satisfy the Association's requirements or other modifications. In approving any of the above mentioned devices, in this Paragraph B, 2., the Association shall take into consideration the factors stated in the following paragraph:

A dog run may be approved subject to all the above provided that said dog run is attached to the rear of the main structure, does not extend beyond the side yard building lines of the main structure, and does not exceed 54 inches in height. Patio screens may be approved subject to all of the above provided that said patio screen is attached to the rear of the main structure, does not exceed 6 feet in height, 16 feet in depth and 12 foot in width. In any event, no fence shall be permitted in the front yard or in either side yard except an ornamental fence not exceeding 3 feet in height. The front and side yards shall include all of the areas from the front lot line back to the rear corner of the building closest to each side lot line. Rear yard enclosures on lots adjoining open space or the Commons Area shall not be permitted. The declarant hereby expressly states its intention to maintain the open character of this residential area, and further expressly states its intention to discourage yard enclosures. A fence will be permitted to be erected around any privately owned swimming pool as a safety precaution or in accordance with ordinances regulating the construction and use of swimming pools.

Swimming pools are considered structures as defined under Paragraph B, 1. hereof. Only "In ground" pools will be approved in the Subdivision. Nonportable, above ground swimming pools will not be permitted. "Above ground" pool is defined as being a swimming pool which projects 18" or more above grade on any side.

ME6857 m-840

Therefore, the following will apply: For aesthetic and safety reasons, no above-ground swimming pool will be allowed in Fox Run Green No. 1 Subdivision. However, children's pools that comply to the following requirements will be considered: wading pools and not above ground pools; any pool having a retaining wall no higher than 18" from ground level to the top edge of the retainer, covering no more than 125 square feet of ground surface, being a type that can be readily emptied, not requiring filtering equipment, and being in use only during the period from May 1st through October 1st.

3. The Association shall have the right to refuse to approve any such plans or specifications or grading plan, which are not suitable or desirable in its sole opinion for aesthetic or other reasons; and in so passing upon such plans, specifications and grading, it shall have the right to take into consideration the suitability of the proposed building or other structure to be built on the site upon which it is proposed to erect the same. It is understood and agreed that the purpose of this paragraph is to cause the platted lands to develop into a beautiful aesthetic, private residential area, and if a disagreement on the points set forth in this paragraph should arise, the decision of the Association shall control and be binding on all parties.

4. In the event that Association shall have failed to approve or disapprove such plans and location within 10 days after the same shall have been delivered to the Association, however, then such approval will not be required provided the plans and location on the lots conform to these restrictions and any zoning law applicable thereto.

5. In any case, with or without the approval of the Association no dwelling shall be permitted on any lot in the subdivision unless it complies with the existing ordinances of Township of West Bloomfield, as to square footage, height, size, etc.

6. No building on any of said lots shall be erected that is not in full conformance with the set-back requirements of the Zoning Ordinance of Township of West Bloomfield.
